

#### Composition and Physical Data Hazard

- A. 1. Pigment and /or Extender Nil
- 2. Alkyds Moderately
- 3. Hydrocarbon solvent Flammable
- B. Phase Liquid/Paste
- C. Odour Hydrocarbon
- D. Water Solubility Nil

Transport Classification: Flammable

#### Fire and Explosion Hazard Data

- Flash Point - 37°C
- General Hazard Information:
  - Low hazard, liquid can burn on heating to temperature above flash point.
- Fire Fighting:
  - Use water spray to cool fire exposed surfaces/containers;
  - Use foam, dry chemical or water spray to extinguish the fire.
- Special fire fighting procedure:
  - Self contained breathing apparatus and protective clothing should be worn while fighting fires involving chemicals.

#### Reactivity Data

- Stable under recommended handling and storage conditions
- Thermal decomposition may produce mono/dioxides
- Avoid: Heat, Sparks and Ignition

#### Health Hazard Data

- In all cases of doubt or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
- Some of the shades contain lead based chrome pigments. Hence the product should not be used for children's toys and bird/animal cages/enclosures. For further clarification/information please contact a Sadolin representative.
- Skin contact can cause temporary irritation. Remove contaminated clothing, wash skin with soap and water or proprietary skin cleanser and seek medical advice.
- Inhalation: Remove from site to fresh air. If breathing is irregular or stopped administer artificial respiration.
- Eye Contact: can cause irritation. Remove contact lenses. Irrigate thoroughly with clean fresh water, holding eyelids apart and seek medical advice.

#### Spill, Leak and Disposal Procedure

- Use appropriate safety equipment
- Use absorbent material to collect and contain for disposal
- Contain and collect spill with non-combustible material (sand, earth) and place in a clearly labeled container for disposal, wash the area with water and detergent.
